**Re: File Reference No. 2012-260, *Financial Instruments – Credit Losses*
(*Subtopic 825-15*)**

Dear Ms. Cosper:

This letter is submitted by the National Association of Real Estate Investment Trusts® (NAREIT) in response to the Proposed Accounting Standards Update (the Proposed ASU) from the Financial Accounting Standards Board (FASB or the Board) on *Financial Instruments – Credit Losses (Subtopic 825-15)*.

NAREIT is the worldwide representative voice for real estate investment trusts (REITs) and publicly traded real estate companies with an interest in U.S. real estate and capital markets. NAREIT's members are REITs and other businesses throughout the world that own, operate, and finance income-producing real estate, as well as those firms and individuals who advise, study, and service those businesses.

REITs are generally deemed to operate as either Equity REITs or Mortgage REITs. Our members that operate as Equity REITs acquire, develop, lease and operate income-producing real estate. Our members that operate as Mortgage REITs finance housing and commercial real estate, by originating mortgages or by purchasing whole loans or mortgage backed securities in the secondary market.

A useful way to look at the REIT industry is to consider an index of stock exchange-listed companies like the FTSE NAREIT U.S. Real Estate Index, which covers both Equity REITs and Mortgage REITs. This Index contained 172 companies representing an equity market capitalization of \$603.4 billion at 2012 year end. Of these companies, 139 were Equity REITs representing 90.2% of total U.S. listed

REIT equity market capitalization (amounting to \$544.4 billion)¹. The remainder, as of December 31, 2012, was 33 publicly traded Mortgage REITs with a combined equity market capitalization of \$59 billion.

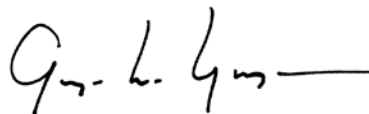

NAREIT's Recommendation

NAREIT respectfully requests that the comment deadline for the Proposed ASU be extended by one month in order to allow responders adequate time to provide a thoughtful response in light of Proposed ASU's interaction with the recently issued FASB Proposed ASU: *Financial Instruments—Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*, as well as the IASB Proposals on *Financial Instruments: Expected Credit Losses* and *Financial Instruments: Recognition and Measurement*.

NAREIT has formed a task force of interested constituents within its membership, and continues to evaluate how the Proposed ASU would impact its member companies. NAREIT believes that interested parties should be able to simultaneously study, evaluate, and comment on each of the related FASB and IASB proposals. Having the FASB and the IASB at different stages in the standard setting process does not effectively support the convergence process for Financial Instruments accounting.

We thank the FASB for the opportunity to comment on the Proposed ASU. If you would like to discuss our views in greater detail, please contact George Yungmann, NAREIT's Senior Vice President, Financial Standards, at gyungmann@nareit.com or 1-202-739-9432, or Christopher Drula, NAREIT's Vice President, Financial Standards, at cdrula@nareit.com or 1-202-739-9442.

Respectfully submitted,

George Yungmann
Senior Vice President, Financial Standards
NAREIT

Christopher T. Drula
Vice President, Financial Standards
NAREIT
