REITS LEAD S&P 500 IN 12 MONTHS ENDED MARCH 31, TRAIL IN 2012 FIRST QUARTER

Dividends are Important to Higher 12-Month Total Returns

REITs Raise \$21.2 Billion in Public Capital in Quarter

Industrial REITs Lead Industry's First Quarter Performance

WASHINGTON, DC, April 5—The total return of the U.S. REIT market outpaced the broader equity market over the 12-month period ended March 31, although REITs underperformed the market in the first quarter of 2012. REITs continued to offer strong dividend yields in the first quarter.

Over the 12 months ended March 31, the FTSE NAREIT All Equity REITs Index provided a total return of 11.29 percent and the FTSE NAREIT All REITs Index returned 10.91 percent compared to the S&P 500's 8.54 percent. Strong REIT dividends contributed to REITs outperformance of the broader market. The price-only return of the FTSE NAREIT All Equity REITs Index over the 12-month period was 7.26 percent, and the price return of the FTSE NAREIT All REITs Index was 5.84 percent.

The total return of the S&P 500 Index for the first quarter of 2012 was 12.59 percent compared to 10.49 percent for the FTSE NAREIT All Equity REITs Index and 10.41 percent for the FTSE NAREIT All REITs Index. The REIT indexes, however outperformed the broad market in the month of March with the FTSE NAREIT All Equity REITs Index delivering a total return of 4.84 percent and the FTSE NAREIT All Equity REITs Index returning 4.39 percent compared to the S&P 500's 3.29 percent.

REITs also continued to outperform the broader market over longer periods. Over the three years ended March 31, the total return of the FTSE NAREIT All Equity REITs Index was 42.21 percent and the return of the FTSE NAREIT All REITs Index was 39.98 percent compared to 23.42 percent for the S&P 500. The FTSE NAREIT All Equity REITs Index also outperformed the S&P 500 over the past 10, 15-, 20-, 25-, 30-, 35- and 40-year periods.

REITs Reward Yield-seeking Investors

In the first quarter, REITs delivered the dividend yields many income investors sought in a low interest rate environment. At March 31, the dividend yield of the FTSE NAREIT All REITs Index was 4.29 percent and the yield of the FTSE NAREIT All Equity REITs Index was 3.34 percent compared to 2.14 percent for the S&P 500 and 2.22 percent for 10-year U.S. Treasury Notes. Some REIT sectors offered substantially higher yields than the overall REIT index, including 14.56 percent for Home Financing REITs and 8.57 percent for Commercial Financing REITs.

Capital Raising Provides Flexibility for Acquisitions

REITs continued to raise capital, including a significant amount of equity, in the first quarter. Capital raising from the public markets by REITs over the past three years has produced an industry of companies with strong balance sheets and the flexibility to make acquisitions.

In the first quarter of 2012, publicly traded U.S. REITs raised a total of \$21.2 billion in capital, including \$10.6 billion in equity. By comparison, REITs raised a total of \$51.3 billion, including \$31.1 billion in equity, in all of 2011, which was the industry's record year for both total capital and equity capital raised. At December 31, 2011, the debt ratio for the U.S. equity REIT industry (the industry's total debt as a percent of its total debt and equity market capitalization) stood at 38.6 percent, down from 39.8 percent a year earlier and at or below its historical average.

"REITs are well capitalized and well prepared to make strategic acquisitions in 2012," said Steven A. Wechsler, NAREIT's President and CEO. "Those opportunities are likely to present themselves this year," he added, "as \$20 billion in 5-year commercial real estate loans made at the peak of the last real estate cycle come due – many of which will have difficulty being refinanced."

Industrial REITs Lead in First Quarter Returns

Industrial REITs led the industry in first quarter return performance, delivering a total return of 23.61 percent. Among other major equity REIT market sectors, Retail provided a 14.56 percent total return, led by Regional Malls with a total return of 15.17 percent. The Office sector returned 10.67 percent and Residential REITs returned 8.49 percent. Among other sectors of the equity REIT market, Lodging/Resorts returned 13.49 percent and Timber REITs returned 12.01 percent for the quarter.

The FTSE NAREIT Mortgage REITs Index provided a total return of 9.08 percent for the first quarter, led by Commercial Financing REITs with a 15.55 percent return.

A 10-PAGE REIT MARKET DATA PACKAGE FOLLOWS

Data expressed in percent; highest return for the period in bold. ¹Price only returns.

Dividends

- The FTSE NAREIT All REITs cash dividend yield equals 4.29% and the FTSE NAREIT Equity REITs cash dividend yield equals 3.34%, compared to the S&P 500 dividend yield of 2.14%.
- REITs paid out approximately \$22 billion in dividends in 2011.
- On average, 68 percent of the annual dividends paid by REITs qualify as ordinary taxable income, 12 percent qualify as return of capital and 20 percent qualify as long-term capital gains.

REIT Industry Fact Sheet

Data as of March 31, 2012, except where noted. All data are derived from, and apply only to, publicly traded US REITs.

Leverage and Coverage Ratios

Equity REITs

- Equity REIT debt ratio as of December 31, 2011 = 38.6%. The debt ratio is calculated by taking REITs' total debt and dividing it by total market capitalization. Total capitalization equals the sum of total debt plus implied equity market capitalization (common shares plus operating partnership units).
- The coverage ratio of EBITDA divided by interest expense for Equity REITs is 2.9. The fixed charge ratio of EBITDA divided by interest expense plus preferred dividends is 2.6.
- 45 Equity REITs are rated investment grade, 68 percent by equity market capitalization.

All REITs

- Debt ratio as of December 31, 2011= 52.1%. The debt ratio is calculated by taking REITs' total debt and dividing it by total market capitalization. Total capitalization equals the sum of total debt plus implied equity market capitalization (common shares plus operating partnership units).
- The coverage ratio of EBITDA divided by interest expense for all REITs is 2.3. The fixed charge ratio of EBITDA divided by interest expense plus preferred dividends is 2.1.
- 45 REITs are rated investment grade, 63 percent by equity market capitalization.

Volume

- Average daily dollar trading volume, March 2012 = \$4.4 billion
- Average daily dollar trading volume, March 2007 = \$4.2 billion
- Average daily dollar trading volume, March 2002 = \$623 million

Capital Offerings

• REITs have raised \$21.2 billion in initial, debt and equity capital offerings in 2012. \$14.7 billion was raised in secondary equity common and preferred share offerings, \$6.3 billion was raised in unsecured debt offerings, \$198 million was raised in initial public offerings.
